How to Get Started

Download the app for your iPhone:

1. Scan the QR Code to the right.
2. Click the button in the bottom right corner to open in Safari.
3. Once the quote engine is open you can save an icon on your mobile device by clicking 'add to home screen'.
4. Make sure you wait till the icon loads before you click the 'add' button.
5. You are set to go. You can now click on the icon on your device whenever you need to use it.

Download the app for your Android:

1. Scan the QR Code to the right.
2. At the homepage, click 'Menu' on the bottom of the android phone and select 'Bookmark' for the site.
3. Once you have the site bookmarked, another set of options will appear at the bottom of the screen.
4. You will want to click on the icon-this will bookmark the site.
5. It will ask you if you want to change the name of the bookmark to something more simple-the default is 'Mobile Quote - powered by iPipeline'.
6. If you want to keep the name like it is, then just select 'Ok' and you are finished.
7. To access the site next time you simply open the internet, go to bookmarks and select it from the list.
